

Summer school TU Delft July 15 to 26 JULY 2019: Bouwkunde, Julianalaan 134, 2628 BL, Delft, The Netherlands + PULSE, Landbergstraat 19, 2628 CE Delft

MAIN VENUE	BK-CITY BERLAGEZAAL 1-2	PULSE HALL 2	EXCURSION	PULSE HALL 2	PULSE HALL 2	EXCURSION
	MON 15	TUE 16	WED 17	THU 18	FRI 19	SAT 20
	Introduction: What will you do during the next two weeks. Intro to Urbanism at TU Delft. Intro to issues dealt with at the Summer School.	The Great Water Day (organised by Taneha Bacchin): Understanding the challenges and the theories	Excursion: Seeing the challenges (and the solutions) with your own eyes (The empirical experience)	SWOT: Finding out and describing the problem/ Understanding what spatial strategy is	Understanding Governance + Stakeholders (the arena in which spatial planning happens)	Site visit: Seeing the challenges (and the solutions) with your own eyes (The empirical experience)
MORNING 9:00-12:15			The meeting point is the BOUWPUB, behind the faculty building (parking lot)			Back to the site: INDEPENDENT VISIT TO THE HAGUE
9:00-9:30	Please arrive after 9h30 (we need time to set up registration). The address is Julianalaan 134, Delft https://goo.gl/maps/c34MEKXZpm	A fine Dutch tradition Fransje Hooijmeijer (TU Delft)	The Hague Jane Jacobs Walk: Scheveningse Haven (Scheveningen) Tour and presentation by the Municipality of The Hague with Ashley Ballantine (municipality of the Hague)	SDGS and Heritage with Professor Ana Pereira Roders	LECTURE: GOVERNANCE (MARCIN DABROWSKI)	Back to the site: INDEPENDENT VISIT TO THE HAGUE: Each group must arrange their own programme and find out how to get to the site independently. Once on the site: Photolog of spatial issues encountered + Dotted Map. To plan your visit, please use the website: http://9292.nl for traveling advice. The Hague (and the site) are easily accessible from Delft. Make a PHOTOLOG of the site and try to answer these questions: What are issues concerning water sustainability and resilience that are visible in the site? What are other spatial issues you can observe? What are drivers of development in the site (now or in the future)? What are hampers of development? Remember: you must gather evidence to support your ideas. / On a big map, use dots of different colours to indicate places that you like or are of special significance to the citizens/ places that are problematic
9:30-10:00	REGISTRATION: BERLAGE ZAAL 1		Municipality of the Hague (presentation: The vision of the Municipality): Spui 70, Den Haag	WORKSHOP: SPEED-DATING + SWOT Analysis (Roberto Rocco + Marcin Dabrowski)
